

# Trimmaster™ – patented cutting system

The only mower designed to protect the operator,  
grass and the surroundings.

| Parameter              | Value                             |
|------------------------|-----------------------------------|
| Mowing width           | 90 cm (35 in)                     |
| Mowing height          | 80 – 130 mm (1.2 - 5.1 in)        |
| Max. angle             | up to 30°                         |
| Drive                  | Electric drives                   |
| Power input            | 500 W                             |
| Accumulator            | 48 V, 2,5 kWh                     |
| Drive power            | 2 × 500 W                         |
| Speed                  | 0 – 7,5 km/h (0 - 4.6 mi/h)       |
| Dimensions (l × w × h) | 2430 × 970 × 600 mm (96x38x24 in) |
| Weight                 | 120 kg (265 lb)                   |
| Front tires            | 18 × 8.50 – 10                    |
| Rear tires             | 13 × 5.00 – 6                     |

Trimmaster™ – quiet, gentle, and economical. It trims instead of cutting, protects nature, and requires only one-fifth of the power of conventional mowers.

INSECT-  
FRIENDLY

SILENCE FOR
